

ANNEX D: TABLE OF PROSECUTIONS

Note that in following tables what is being shown is offences dealt with in cases, either in prosecutions at court, or by non-court disposals. Earlier tables showed offences recorded as investigations. Some offences, do not require an investigation before being put to the offender, and some investigations, for instance all those not identifying a suspect, do not result in an offence being put to an offender. For further detail on the offences counted see section 9. Prosecutions. Offence titles for some categories of offence may be more specific than those used in investigations.
