

## MENTAL HEALTH

Of the events recorded by the ESJCR, an increasing proportion can be identified as relating to Mental Health. This captures where events have been closed as Mental Health or qualified as Mental Health Act.

The increased recording coincides with increased focus on the issue, with Mental Health Professionals working alongside the Police from an initial Mental Health Triage project started in May 2018.

Events	2017-2018	2018-2019	2019-2020	Comparison to 2018/19
<b>Mental Health</b>	<b>489</b>	<b>644</b>	<b>776</b>	<b>+20%</b>
